

DOWNFALL OF THE GOVERNMENT.

The First Socialist Government of Alberta Meets Defeat.

Last Friday in the High School House of Legislators the Lieutenant-Governor called upon the leader of the Socialist party to form a government. The King's speech was read, the speaker, G. W. McKenzie, elected, and the House settled down to the debate on the address from the Throne. In an eloquent speech, consisting of the words, "I move that the address be adopted," the member for Penhold, premier of the House, moved the adoption, and in an equally moving oration, consisting of the words, "I second the motion," the youngest member of the government, seconded it. It looked as if the question was to be put without discussion, when the member for Ecclefechan, who sat in the opposition,

made a vigorous attack on the address, moving, as amendment, that the words, "Free Trade" and "Trade Union" be struck off the address, as being utterly contradictory, the one standing for freedom in trade, the other for restriction. The amendment, after the usual procedure of "Ayes and Noes," was carried, and the government defeated, the figures being 23 to 18. The position of the parties in the House was such as to necessitate the formation of a "Coalition Ministry" of Liberals and Conservatives. Parliament will be re-opened with a fresh speech from the Throne next Friday, when the Coalition Ministry, headed by the member for Springdale, and supported by those for Gadsby and Crossfield, will take office and present its programme for the term. The oratory of the members of the House at present is of a somewhat inferior nature, but it is expected that as the term gets older the eloquence will increase. Again there is an apparent lack of knowledge of parliamentary procedure shown by the members. To rectify this, the Lieutenant-Governor appointed a didactic commission, consisting of the members for Crossfield, Stettler, Pine Lake and Penhold, under the chairmanship of the Speaker.

AMONG THE ALBERTA IMMORTALS.

The following sketch of E. Michener, member for Red Deer in the local Legislature, appeared among the Alberta Immortals in the Calgary Herald last Thursday. Some people object vociferously when a minister steps down from his pulpit and gets into the political arena in behalf of the people. They give a cry of execration, a sort of accusation of quitting; yes it is a mooted and undecided question whether a man cannot do as much good for humanity by fighting for their material welfare, education and government as by remaining as leader of a small congregation. A supreme court judge can step down, a district court judge can go up to cabinet ministries. Really, the present condition of affairs in Alberta politics is a splendid criterion of the way Providence moves. Two lawyers take a trial at operating a government and go down to defeat in a railway deal; the education of a lawyer, and a drain on the legal fraternity, this time getting a couple of judges. The reins of government are passed to him. The education of a lawyer is to take a case, if the fee is big enough, whether the client is guilty or innocent. Judges are just lawyers who have graduated either legally or politically. Ministers are educated to act as they think right, not to see how close they can sail to the wind without getting into the breakers. They are educated to honesty, truth, and a regard for the welfare of others. They have just as exhaustive an education as a lawyer, and a lawyer never forgets his training; in fact he is always endeavoring to improve it. So, it is a remarkable thing that the Liberals should cling to lawyers as leaders of their governments, though one such government has already failed, while the Conservatives who are claiming strongly that things are administered wrongly by the Liberals, should choose a minister to lead them. That is what they have done, and their leader is making good.

BELIEVES WHAT HE SAYS.
E. Michener, M.P.P. for Red Deer, leader of the opposition in the provincial house, once was a Methodist minister. He is broad-minded, he is logical, sensible, and honest. He possesses the ability of convincing people whom he talks to that he believes what he says. Mr. Michener is tall and slim, wears his clothes well and his hair is a la Bryon; he fights consistently the legal leaders of the government, and though defeated on the vote, is making a favorable impression. It is not wonderful that he should lose on every division, for the opposition numbers only three, while the government numbers 36. This uneven balance of power has brought on the state of affairs that Mr. Michener is fighting against, a tendency of the government to run ridiculous legislation through the house, depending on the overwhelming number of Liberals present to rally strong enough to bring success. This has succeeded thus far, though every vote has seen Liberals voting with Michener. Soon perhaps the government, blinded by misguided confidence, will make a false step, and then watch Michener.

NOTHING AT ALL—THANK YOU.
Though he does not smoke, and never takes a drink even when he has a cold, he is no prude. He will sit in the buffet car and argue on political matters while others sip drinks and argue back. He will sit in the smoking compartment, talking through the thick tobacco haze, pointing out the fallacies of Socialism to Puffer or Shaw, or whoever is with him; but he never by action or word tries to let others feel that he is any sort of a "holier-than-thou" man. He is a member of the legislature who is fighting for principles he believes to be right, that is all. The fact that he does not smoke or drink does not hurt him a bit as a man's man or a mixer with men. Mr. Michener is popular in his constituency, and is growing so throughout the province; he is a farmers' representative, and fights for them; he wants the country west of the C. & B. line opened up by railroads, and he does not want the province to be put to great financial loss by crazy railway legislation. He is a man who will grow stronger as time passes, and already he is a strong man. A man educated as a minister leading the opposition and fighting for principles against a man who was educated as a lawyer, and who has said on the floor of the house that he lived for the present and for the future, is a remarkable state of affairs. Which one is basing his arguments on technicalities and which on sound principles? Wait till the next general provincial elections, then watch Michener's smoke.

Miss Plews, of the hospital staff, left for Deluth, Monday, in charge of a sick patient named De Vohn. She will not return to Red Deer Hospital.

ANNUAL MEETING OF ST. LUKE'S CHURCH.

Considering the inclement weather the attendance at St. Luke's church last Wednesday evening, Jan. 12th, at 8 p.m., was most promising. After opening the meeting the rector presented his report dealing with the church's work during the past year. He was glad to say confidently that progress and improvement had been shown in practically every department of their parochial organization, so that the outlook for the present year was extremely healthy and hopeful. He congratulated the congregation on possessing as wardens two men held in such high esteem, not only by the members, but also by the whole community and neighborhood. He remarked that the duplex envelope system had justified its introduction, though there was room for improvement in the offertories made through this method. Members should bear in mind that they were only asked to contribute a minimum sum through the envelope system, for, of course, at any time, they could increase their offertory or contribute to other departments of church work. Mr. Randall has looked after the registering of the amount given in the envelope offertory. Thanks to a careful list drawn up by him, every one who contributed a statement of what they had given last year.

The choir had maintained a good standard under the leadership of Mr. S. Taylor, though unless all the members attended, the voices were not evenly balanced, so he hoped that reinforcements would soon be forthcoming, even if they could only attend one service on Sundays. The various Guilds, including the Balmoral Guild, had done splendid work, especially in the financial department. In obtaining the Rev. Wilkinson during the three months' absence of their rector, the congregation had been extremely fortunate. Amongst several improvements to the church, he would mention a solid oak lectern, the memory of Mr. Howarth, also some good solid seats for the primary classes in the Sunday School and the provision of four complete sets of frontals for the chancel.

The Sunday School was in a promising condition, but he noted with regret that the congregation was backward in filling up vacancies in the teachers' ranks. Amongst other encouragements, he had received \$100 from a well-wisher who was not a member of the congregation, to use as he thought fit, and he was confident that when the town goes ahead there would be no difficulty in carrying out the improvements and additions which were undoubtedly required. He asked them to keep in touch with one another, aiming by their lives to interpret Him "Who is the Way, the Truth and the Life," to their fellow men and women.

Mr. George Wilton (People's Wardens) then presented the financial report. The balance sheet showed a highly satisfactory state of affairs with marked progress even on 1910. The reduction of the church debt by over \$1,000.00 was the leading item for congratulation. Various motions were then brought forward, and in regard to the present rectory, there was a unanimous opinion that it is unsuitable, and no doubt the vestry will not lose sight of this fact though rightly it

is felt that a reduction of the church debts was an obligation which had prior claim. After the election of wardens and vestry for this year, votes of thanks were accorded and passed with applause to the outgoing wardens and vestry; the Guilds; the choir master, and those who had assisted as organists in Mr. Taylor's absence, namely Mrs. Cottingham, Mr. Young and Mr. Barber; to the Dramatic Society for proceeds of "Jane" for J. W. Hay; and Capt. Cottingham for auditing the accounts. The following were elected: Church Warden: Mr. J. A. Carswell, Mr. G. Wilton. Vestrymen: Messrs. A. G. Ayres, P. Billingham, W. Cassels, R. Gee, R. F. Graham, R. R. Randall, F. T. Alford, C. P. Mellor, A. Wood.

SCHOOL BOARD MEETING

At the School Board meeting on Wednesday afternoon at the school the following accounts were passed: Day & Merrick, coal, \$37.23; W. Spiers, coal, \$65.40; Pease Walden Co., repairs to furnace, \$16.08, together with a few minor items. The Principal's report for the term showed the total enrolment in the High School at 66, with an average attendance of 51.54. The Public School enrolment was 308, and the average attendance 270.35. Four teachers had an average of over 90. The Board will try and arrange for another course of University extension lectures. The chairman suggested publishing a catalogue to get the parents interested in the school library.

Old Timers' Association.

The annual meeting of the Red Deer Old Timers' Association will be held in the Oddfellows' Hall, on Saturday afternoon, Jan. 21st, at 2:30 o'clock, for the election of officers for the coming year, and any other business that may come before the meeting. It is hoped every old timer in the west in 1892, or earlier, will make an effort to be present and take part in the meeting.

I.O.O.F. Installation.

The officers of Waskasoo Lodge, No. 16, I.O.O.F., were installed last Monday evening by D. D. G. M., J. C. Rummen, of Innisfail, who was received with all the honors. The officers are: P.G.—H. A. Bradfield, N.G.—Dr. Evans, Vice G.—R. P. Graham, R.S.—M. A. Munro, F.—Reg. Alford, Treas.—F. H. Tallman, Warden—Jas. Baird, Conductor—E. Beckett, R.S.N.G.—W. E. Trump, L.S.N.G.—Alex Hill, R.S.V.G.—R. Bell, L.S.V.G.—M. Gallagher, G. W. McKenzie, I.G.—R. Gee.

Hear Miss May Crawford, one of Canada's most charming soprano singers, at the Lyric to-night.

FRANK MOTT

The Reliable Auctioneer & Real Estate Agent
GAETZ AVE. NORTH.

Will it be better in the SPRING to be GLAD you're glad you have BOUGHT, or to be SORRY you're sorry you are still RENTING?

I know which will be best, so offer you the choice of HOMES on my List, of which the following are a fair sample:
Here's something Choice—A 7-Roomed House, and Entrance Hall; Electric light, furnace, city water, also soft water, bath; and the house decorated in first-class order. All blinds and fittings will be left, also the new linoleum and a very fine china cupboard in dining-room. In fact, this is a very desirable home, being close in on two lots, the house facing south and on Third Street North. There is also a good chicken house and wood shed. Price \$4200; part cash, balance arranged.
Here's another—A 5-Roomed House on the next street, on two lots; a well-built house; is rented for \$15 and can easily rent for more. Price \$2000, half cash.
This one's easier to handle, as only \$400 down will buy a 5-Roomed House on two lots on the corner. A real nice home, for \$1700, and close in.
Or \$500 will handle an 8-Roomed House on a large lot, 50 x 230, Price \$1000.
Or if it is Acreage Lots you want, I can show them to you at from \$125 per acre.
Here's a chance for ONE WEEK ONLY at this price—4 Lots on Alexander Street, Parkdale, at only \$250 each. On the next street they are selling as high as \$500 each.
Wanted for a client—a good heavy WORK HORSE, any age from 7 to 10.
FARMS FOR SALE. MONEY TO LOAN.

BUY A FARM OF THE OWNER

To enable me to give better attention to other business matters, I am offering the following described Property at a sacrifice price and on most liberal terms, viz., 25 per cent. cash and balance in 5 equal annual payments at 6 per cent. interest.

- No. 1—S.E. Qr. 19 and N.E. Qr. 18-37-26 w. 4 m., 9 miles south-east of Red Deer.
A splendid Half Section of fine level land, fenced and cross-fenced; all in tangle and wild hay; poor building; splendid neighborhood; will make an ideal farm. C.R.R. survey one mile south, Alberta Central one mile north, building now. Sure to be a town near. Very little brush. 300 acres can be broken with steam plow. Price \$200 per acre.
- No. 2—S.W. Qr. 28-38-1 w. 5 m.
40 acres under cultivation; fenced; some timber; one mile south of Sylvan Lake, a lovely body of water 14 x 4 miles in extent, splendid beach, most popular summer resort, many cottages; gasoline sail and row boats galore. Alberta Central building on the N.W. 1/4 of this section; Canadian Northern building between this land and the lake. Sure to be one of the good towns here, and this land will make an ideal home, or is suitable for subdivision. Price \$25 per acre.
- No. 3—N. Half 18-43-22 w. 4 m., E. Half and S.W. Qr. 13-43-23.
The best of them all. The best piece of land that I have owned in Alberta and as good as I have seen. 300 acres under cultivation, balance hay, and it is busy, too. No waste land. Too much cannot be said of this land, and it must be seen to be appreciated. It lies just below the neck of land dividing Battle and Red Deer lakes, and will have a railroad some of these days. This will be sold as a going concern if desired. 3,000 sheep, 12 horses, machinery, etc. Handsome \$3,000 farm residence just completed. Price \$350 per acre.
- No. 4—E. Half and N.W. Qr. Sec. 11-39-21 w. 4; 1-12 miles from Erskine, 9 miles W. of Stettler.
All fenced. This is a beautiful piece of land practically clear of brush, just the kind an American would buy. Public range for 200 cattle. One of the best cheese factories in the province at Erskine, if one favors dairying. Erskine is a wide-awake, go-ahead town, and is growing rapidly. Canadian Northern Railroad 3 miles south. Will have a market town there. Price \$12.50 per acre.
- No. 5—Sec. 27-35-21 w. 4.
A splendid section overlooking the Red Deer river, showing one of the most beautiful views on the river. This is level lying table land, and will make one of the good farms in Alberta. 550 acres can be broken with a steam plow. Alberta Central survey 3 miles south; C.N.R. 7 miles east, already built. Price \$12.50 per acre.
- No. 6—W. Half 36-38-15 w. 4; 4 miles from Veldt, 10 miles from Castor, 7 miles from Halkirk; known as the Odell Farm.
100 acres under cultivation; splendid soil; plenty of hay; very little brush. All fenced. Large house; barn room for 25 horses; machinery shed, chicken house, hog pasture, good well; in all a first-class farm and first-class neighborhood. Price \$20 per acre.

For Further Particulars, Address—
GEO. F. ROOT, Red Deer, Alberta.

Greene & Payne, Trustees.

WEDNESDAY, JAN. 18th, 1911

OUR FIRE FIGHTERS.

The late cold spell was an anxious time for Chief Meeres and his men. A fire is bad at any time but doubly so on a severely cold night. The chief one very windy night never went to bed; another night, when it was very cold, he stayed up to midnight, always on the alert for the first sign of danger, and the brigade were always prepared at a moment's notice to respond to an alarm. The citizens appreciate this splendid watchfulness on the part of the brigade, and many a business man has gone to sleep lately feeling that we have men we can trust to do all in their power to protect our property should a fire occur, and who are ever ready to rush into danger for the welfare of the town. All honor to our volunteer fire brigade, say we; we cannot do too much for them.

THE COLD WAVE.

The severe weather, which lasted all last week, was the worst we have experienced for several years. It is no satisfaction to know that it was worse in Saskatchewan and Manitoba, and extended down over the eastern provinces to the Atlantic sea board; nor is it any satisfaction to know that it extended over almost the entire continent to the south of us, causing wide spread disturbances. We had it bad enough here, although it was fairly still. The thermometer ranged around forty below every night of the week, and people had all they could do to keep warm. Foster predicts another cold wave in a few days, but we doubt if it will be any worse than the last. We are always sure of one very cold spell about the middle of January, and last week's wave filled the bill to the entire satisfaction of everybody.

FIRE ALARM BOXES.

We are glad to learn that the Commissioners have some system of fire alarm boxes under consideration. Besides this, whenever there is a fire the power house should be notified at once when it is out. Three alarms have been rung in lately, namely for Mr. Lord's residence, the Methodist church and Mr. Tennant's store, all three being quickly extinguished. In the case of Mr. Tennant's store the high pressure was on for nearly half an hour before the power house was notified. The moment the fire is out the power house should be notified and the siren give a dozen short blasts to let citizens know the danger is over. This would be a great convenience to many living on the outskirts who are unable to respond to an alarm.

Councillor Galbraith gave notice at the last Council meeting that he would bring in a motion at the next meeting to increase Commis-

sioner A. T. Stephenson's salary to \$1,800 a year. While we do not always see eye to eye with the Editor of the Advocate, we are glad to be able on this occasion to agree with him. Commissioner Stephenson has a most important position to fill; he has made a very capable official, and his remuneration has not been sufficient, in our opinion, for the work performed. We, therefore, have much pleasure in supporting the motion.

THE PET LAMB LEFT.

The Toronto World last week pictured Sir Wilfrid Laurier as Little Bo Peep leading a little lamb, Pigsey, while two roads to Washington and Rome, where the rest of his ministers are, was shown, and got off the following lines:
Little Bo Peep lost her sheep
And didn't know where to find them;
Oh! from Washington, Rome, they'll come home
And leave sad tales behind them.

ALBERTAN'S ANNIVERSARY.

The Alberta publishes an announcement of its anniversary edition, which will be issued on February 28. In connection with this issue it is giving a series of prizes. For the best story sent in, upon an Alberta subject by a bona fide Alberta resident, a prize of \$100 is awarded. For second the prize is \$50; for third \$25 and five other prizes of \$5.00 each. Prizes are offered for the best poem upon Alberta, \$25, and a gold medal for first prize, and prizes of \$10 and gold medals for the next three. Prizes are also offered to children under 16 years of age, for the best story upon Alberta. The first prize is a gold medal and \$15.00 in cash. Twelve other medals are also offered. The adults story is limited to 5,000 words and the children's to 2,000 words. The Alberta is also celebrating its anniversary in the usual manner, by giving a silver mug to every baby born upon its birthday, that is on February 28, 1911, and asks all doctors and others to make reports of the visit of the star on the last day of February.

JANUARY ATHLETIC WORLD.

The January number of the Athletic World, published by W. G. Taylor, Limited, Woodstock, Ontario, just issued, not only maintains but further develops the national sports policy laid down on the inception of this highly creditable monthly. The reasonable sports treated, the excellent articles pertaining to the important phases of outdoor pastimes and the official information given tell how great a want in the sport life of Canada is being filled by the Athletic World. Its pages are rich in illustrations and timely discussions, making it one of the best yet issued.

JANUARY ROD AND GUN.

Variety, and plenty of it, is the keynote of the January issue of Rod and Gun in Canada, published by W. J. Taylor, Limited, of Woodstock, Ontario. The opening article deals with the outfit required for the backwoods and though sportsmen may differ on many of the trimmings, there will be a general agreement as to the essentials. This is followed by a number of personal experiences in hunting, fishing, canoeing and mountaineering throughout Canada, while a paper on the birds of Manitoba and some light verses add materially to the interest of the number and recommend it as one of those sportsmen of all tastes may find something which cannot

fail to prove both pleasurable and profitable to themselves. There are a number of items recording occurrences out of the common, showing how vastly experiences in the woods may differ and others reminding sportsmen of similar events on their own trips. The whole is redolent of the outdoors and must act like a tonic in the wintry weather, reminding sportsmen of the joys they have had and those which they are anticipating with the keenest of pleasure in the not far distant future.

Agricultural Schools

The Hon. Duncan Marshall, Minister of Agriculture, announced this morning that the Department of Agriculture had completed arrangements for the holding of the Short Course Schools in the Province during the months of February and March. These schools will be similar to the ones held last winter, and will be held at Macleod, Innisfail and Vermilion, and will be of two weeks' duration each. Besides these schools, a school for one week will be held at Strathmore in conjunction with Prof. Elliott, who is in charge of the C.P.R. Experimental Farms. Prof. Elliott has assisted the department at institute work, and will during the coming winter give the department assistance at this work, and in return for this the Agricultural Department is sending its entire outfit of stock used at the short course schools, as well as the leaguers in charge of the stock, for one week to Strathmore. Two loads of pure bred stock will be carried to these different schools, and instruction will be given in breeding types, breeding, care and management of live stock. The first week of each of the schools will be the live stock week, and the second week the following subjects will be taken up:
(1) Grain, Soil and Weeds.—The Growing, Judging and Grading of Grains, "Soil Cultivation," "Newcomer Weeds," "Grasses and Fodder Crops. Samples of Grains, Grasses and Weeds will be used for demonstration.
(2) Poultry.—"The Housling," "Feeding," "Hatching," and "Rearing." Incubators and brooders will be in operation. Birds will be fattened, killed, dressed and packed for market.
(3) Dairying.—Instruction in dairying will cover the subject from the production of milk to the marketing of the finished product, with farm dairy machinery in operation.
At each course there will be judging competitions held, and prizes offered for proficiency.

The schools will be held as follows: Beginning at Strathmore, February 6th to 11th inclusive; Macleod, February 13th to 18th; Vermilion, February 20th to 25th; Innisfail, February 27th to March 11th. Prizes will be awarded at each of the schools in the judging competition, and then a grand challenge trophy will be offered by the Provincial Department of Agriculture at the Innisfail for competition to teams from the four schools. These teams to consist of four men standing the highest in the local competitions. The teams from Strathmore, Macleod and Vermilion will have their expenses paid to Innisfail by the Boards of Trade in the towns. These short course schools are entirely free and open to anyone who cares to attend. The Boards of Trade and Agricultural Societies in the different towns in which they are held are making arrangements to have a board of students attending the schools may be obtained at a reasonable rate. The department has secured the services of some excellent men in connection with these schools. Among these is Prof. M. L. Carlyle, Dean of Agriculture in the Idaho State University, Moscow, Idaho, who will take the judging classes in heavy horse and beef cattle. Arrangements are not yet completed for all the teachers at the schools, but the services of some other excellent men, as well as men in connection with the agricultural department, will be given to the classes in these several schools. The Dominion Department of Agriculture is also assisting by giving the services of Messrs. Huttan of the Experimental Farm, Lacombe; Fairfield of the Experimental Farm, Lethbridge, and V. C. McKillop of the Seed Department, Calgary. These schools will be in charge of H. A. Craig, Superintendent of Fairs and Institutes.

ECKVILLE.

The Eckville stopping house has been leased from Mrs. Snell for twelve months by Mr. Boswell. He will take possession on 1st Feb'y. If Mr. Boswell is out for business, he would do well to give stoppers a little more attention than they have been receiving in the past. A well, for instance, would repay its cost many times.

50 below zero out on ice with A. C. Foster. The mails come through on schedule time just the same.

B. Krause has disposed of his stock to H. Schroeder.
Railroad work was at a standstill last week owing to the cold snap. It is now practically settled that the A.C.R. will locate a town-site on the Johnson farm at Melita.

Life insurance and large loan companies loan money on farm properties at a lower rate of interest than on other securities, showing that there is a great deal of the best and safest investment. Better own some of these gilt edged securities for sale by Geo. F. Root.

What Higher Criticism Really Is.

To the Editor of The News.
Dear Sir,—My attention has been called to an article signed "Amos Wilton, Great Bend, Alta." upon Higher Criticism, with the suggestion that I should contribute a few lines in reply, not for the purpose of controversy, but in order to throw a little light upon the subject. When men of Mr. Wilton's intelligence after "careful research" take an aim at this subject and come so wide of the mark, there must be many others who labor under an even greater misunderstanding.

If, instead of extended and careful research, Mr. Wilton had simply turned up the word "criticism" in a good modern dictionary he would have got a good deal better answer to his question than has come him as a result of his casual investigations. The Standard Dictionary, under the word "criticism," after giving the general definition of the word, adds: "Theo. and Hist. Detailed enquiry into the origin, integrity, authority, and text of literary and historical documents. The Lower Criticism commonly deals with the text of such productions; the Higher Criticism with the historical and literary features." The text of a production is simply the words arranged in a certain order and the work of lower criticism is to ask if these are the words the author used, and in original order, or has some copyist or editor made certain changes in the same. The other form of criticism is called "higher," because it goes back to a higher source of the production, and asks if the words are those of the author, or does it bear the author's name, like Mr. Wilton's letter, and if so is this the name of the real author? What is the style of this writing? Is it prose or poetry? Is it history or story? It will be readily seen that this is very different from Mr. Wilton's conception of the work of higher criticism, namely, to quote his words, "the laying aside of the Scriptures, an attempt by human reason and science to clear and discuss all questions pertaining to God and the Divine will, regarding our actions, present condition, and ultimate destiny." This is a splendid definition of what higher criticism never attempts to do, when the words are used with reference to the Bible. That would be as though I were, in this letter, to say aside Mr. Wilton's article, and discuss all questions concerning "Dandruff Gums Must Go," which appears at the head of another column of the paper in the 3rd or 4th issue. Mr. Wilton's article appears. This might be an important question for discussion, as are the questions Mr. Wilton mentions of the very highest importance, but it would certainly have nothing to do with my legitimate subject of criticism.

Take Mr. Wilton's catalogue of the things higher criticism teaches "It teaches," writes Mr. Wilton, "that the Bible narrative of the Creation is not true; that it took ages for the earth to form; that God was evolved from a jellyfish, a jellyfish, a mussel, or an orangutang; that Christ was not divine—was by nature a mere man." Leaving the last item of the catalogue—that relating to the divinity of Christ, any High School boy or girl knows perfectly well that these things are not to be learned in books about the Bible, but in books of science which deal with such matters. How the world was made, how long it took in the making, how man came to be—these are questions with which higher criticism is not in the remotest degree concerned. As a matter of fact these are questions which no one can answer with certainty—the theories of the scientists are simply theories—but the one thing that practically every earnest thinker of today, critical and uncritical, is quite sure of is that "In the beginning God created the heavens and the earth." Both Mr. Darwin and Mr. Wilton believe that. But it is not a matter for higher criticism.

Referring to the divinity of Jesus Christ, and the effect upon the faith in His divinity an acceptance of the results of higher criticism has upon the critic himself (though the question itself is not the concern of higher criticism, however deeply the critic may be interested as a Christian believer), I may call the attention of those who read this article, including Mr. Wilton, to what has been done recently by the Sunday School Times. This paper asked practically every great Bible student of our day in England, America and Canada—the great majority of them acceptors of the results of higher criticism, many of them higher critics themselves—what effect their new knowledge had upon their faith in the divinity of Jesus Christ. Hundreds of answers have been received, and not one of them in which the writer does other than proclaim himself a humble believer in "God, and Jesus Christ, His only begotten Son, our Lord." Of the divine inspiration of the Bible these writers are as certain as Mr. Wilton, perhaps even more so, for their certainty is the outcome of a lifetime spent in the earnest and devout study of the Bible, which would not be possible for the most of men. I am glad to have the opportunity of writing this letter if it will do any good in clearing the air; but I am more glad that there are in our country men like Mr. Wilton who are interested in other than material values, and view with alarm anything that seems to menace the life of the spirit.

Yours truly,
CHARLES H. HUESTIS.

WHAT DO YOU KNOW ABOUT IT?

A druggist's best customer asked that question regarding a patent medicine. The druggist had sold the medicine for years, but was forced to admit that he knew nothing more about it than what appeared on the label, wrapper and advertising. The claims made for that particular patent medicine were so extravagant that the druggist decided to find a line of remedies he knew something about.

are manufactured by a house with a solid reputation of over half a century.

The formulas are exceptionally good ones and are freely furnished to the Drug Trade. There are no secrets, simply because they are honest and have nothing to conceal. If we did not believe in them we would not recommend them to you.

Anything you buy with the Name **Nyal's** will give you entire satisfaction.

Sold and guaranteed by
The Gaetz-Barnett Drug & Book Co., Ltd., and Parker's, Drugs and Stationery.

THE TOWN COUNCIL

The regular meeting of the Town Council was held Thursday evening last. His Worship Mayor R. B. Widdler in the chair, and Councillors Menzies, Malcolm, Alford, Caracallen, Gaetz and Galbraith in attendance.

CORRESPONDENCE.

An anonymous letter from three citizens re. Lyric was read. They considered the Lyric dangerous with regard to fire and the Council should remedy the evil.

The town solicitors wrote the Council that the case of the Western General vs. the Town had been settled amicably out of court by payment of the light account, with holding court account as instructed at last meeting of Council, and the receipted account in duplicate had been handed the Council.

J. A. Tossier, of St. Jermain, Drummond, wanted to get a farm on shares or to get in touch with real estate men. Referred to Board of Trade.

E. J. Freeman, of Innisfail, asked for information re. pool room and other licenses. Given.

Several letters re. debentures were read and filed.

The Financial Post asked the Council to publish the financial statement in that paper. Laid over.

C. J. Corbaird, Chief Clerk Right of Way Department of the Alberta Central Railway Co., notified the Council the company has received a plan of the approach to Red Deer station from the Department of Public Works, which has been approved by the director of surveys.

COMMISSIONERS' REPORT.

The Commissioners report in the following report:

We submit herewith the statutory declaration of the secretary-treasurer as to taxes collected on 1910 roll and arrears carried forward.

We recommend that the salary of A. G. Ayres, clerk, be raised to \$75.00 per month, and that of A. Taylor, teamster, to \$65.00 per month, and that Foreman Milfin be allowed to keep his horse in the fire hall when necessary, the town to furnish feed for it.

We submit herewith letter from the Registrar of Lands, Edmonton, in regard to the name "Waskasoo Park." As this name has not been registered to apply to any particular subdivision we believe the Town has a right to use it. That property, sometimes called Waskasoo park, will, no doubt, soon be taken into the Town limits, and this year will likely see the streets and houses named and numbered. When this is done all subdivisions close to the Town property, such as Melville Place, Parkvale, Poplar Park, etc. will necessarily lose their identity,

Waskasoo creek flows through the new park, the two branches joining under the park, which makes the name particularly appropriate and we again recommend that the new park be named Waskasoo park.

It is necessary for the Council at this meeting to appoint two of its members to the hospital board. A motion for this in blank is before you.

We sent for a sample of house number, which we submit herewith. The price is \$3.25 per hundred. We recommend that we be authorized to order 1000 of these and sufficient name plates for streets, and that we have them put up after they are received.

We requested Fire Chief Meeres to draw up a list of precautions to observe for the prevention of fire. Copy submitted herewith. We will have some copies made and sent to the ratepayers. We also requested the chief to inspect the Lyric theatre, all hotels and business houses to see that their furnaces and premises are in a safe condition. He reports that nearly all were in good condition, and suggested changes where necessary.

Insurance carried by the Town is as follows: Old pump, \$3,000; fire hall and furniture, \$4,000; office and furniture, \$1,500; firemen, \$2,000 each of 27 men. We recommend that we be authorized to place an additional \$3,000 on the pumps and have the two policies concurrent.

We recommend that the insurance on the firemen be dropped and a policy covering all accidents placed on the teamster. The personnel of the brigade is constantly changing and the policy not being a blanket, one does not cover any whose names are not on the policy. Counting the average members at five, it works out that we are actually paying about \$15 on each man covered instead of \$5.

Mr. MacGregor of the A.C.R. has agreed to have a plan made of the road through the park by a D.L.S. and to furnish us with a copy of it and a detailed description. As soon as this is done we will have a by-law prepared dedicating this as a public road subject to the conditions specified in our former report on the matter.

Until we have the plan referred to in the previous clause it will be impossible to have a plan made of the land asked for by Mr. Piper, which we suggested Mr. White to prepare. We have not yet received the transfer of the park to the Town, but this should be here soon.

We recommend that consideration of the Fire Chief's annual report and recommendations be laid over to a future meeting.

We received two applications for position of night scavenger. Mr. McDougall has arranged to purchase the cart used in this work from Mr. McPherson, we recommend that his application be accepted.

We submit for your authorization accounts certified correct.

We submit herewith statement of receipts and disbursements for Dec. In the matter of getting telephone and light service in the offices and fire hall, we, together with Mr. Greene, met the representatives of the Company, and they agreed to modify their telephone contract to meet the objections of Mr. Greene.

As Mr. Greene has recommended the signing of the new contracts we ask your authority to do so.

We recommend that the south office in the town office building be placed at the disposal of the Board of Trade for the publicity agent, for the present.

We submit for your consideration by-laws as follows:

To borrow \$500 for sewer connection account.

To borrow \$30,000 for current account.

To appoint a Medical Health Officer.

Some discussion took place on the letter claiming the Lyric theatre dangerous.

Councillor Gaetz said we should not pay attention to unsigned letters, but the statements were untrue, as the films of the picture show at the Lyric were incased in a steel box, and only nine inches of film could possibly burn. Every precaution was taken, and there were back as well as side exits in case of fire.

Chief Meeres was present, and was asked to give his opinion. He said he had inspected the Lyric and found six exits, two back of the stage, two on the east side and two in front. If a door was placed in the south west corner the fire exits would be the best in Alberta. He said there was practically no danger whatever from the picture screens as they were incased in steel and fire could not get to them; only a few inches could possibly burn. Then there was a fireman with a fire extinguisher always in attendance. The building could be emptied in one minute.

The Mayor and Councillor Malcolm were selected to represent the Council on the Hospital Board.

The Commissioners' report was adopted.

THE FIRE CHIEF'S REPORT.

In view of the many bad fires that have occurred in our neighboring towns through want of care in many instances, and fearing the same thing in our own town, I bring to your notice the following precautionary measures:

1st. Do not dump hot ashes outside without covering them with water.

2nd. Never dump ashes against a

wooden building or fence or in a receptacle.

3rd. Never burn rubbish outside when there is a wind. If the wind starts after the rubbish has been lit put it out with water and leave it until the wind has subsided.

4th. Don't start your fires with coal oil.

5th. Have your furnace pipes examined as they soon burn and rust through in a cellar.

6th. Keep your chimney and stove pipes clean.

7th. If your chimney or stove pipes are on fire sprinkle a liberal amount of salt on the fire and close off all the draughts.

8th. Every hotel and place of business should be equipped with one or more extinguishers. These can be procured through Fire Chief Meeres.

9th. Never run any risks with fire. If there is the least doubt being able to control it, yourself call the fire department, otherwise it may entail serious loss before it can be controlled.

10th. Do not forget the phone number of fire hall. It is 50.

H. MEERES,
Chief of Fire Department.

ACCOUNTS.

The following accounts were passed: Separate School Board, \$103.00; Merchants Bank, \$784.65; Western General Electric Co., \$337.81; Sec. R. D. Public School, \$4550.00; Forester & Cruickshank, \$1.00; D. S. Long, \$1.25; Day & Merritt, \$15.75; G. B. Parker, \$1.05; F. H. Tallman, \$24.67; Smith & Gaetz, \$10.90; H. G. Stone, \$50.00; H. Reinhold, \$4.15; Western General Electric Co., \$469.75; Western General Electric Co., \$32.76; W. Piper & Co., \$5.00; Cushing Bros., \$11.05; Town of Red Deer, \$50; Loveland & Miller, \$45.00; Gadsby-Cornett Co., \$60; A. McPherson, \$3.50; Red Deer Steam Laundry, \$5.

By-laws to borrow \$30,000 for current account; to appoint a medical health officer, and to borrow \$500 for sewer connection account, passed their several readings and were made law. Dr. John Collison was re-appointed medical health officer for 1911.

Councillor Galbraith said, in speaking to Dr. Collison, he was informed the town was in a rather serious position relating to a contagious disease hospital. The doctor said it was a most necessary structure. If an epidemic of some contagious disease should break out the town would be practically unprotected. He thought the question should receive attention at once.

Councillor Gaetz said: something might be done this year in this regard, but he thought it should be done in conjunction with the Hospital Board. The building should be built in connection with the hospital, where the nurses would be

able to attend cases and cooking could be done.

Councillor Caracallen spoke along the same line, stating the Hospital Board had discussed the matter. He thought something should be done.

Councillor Alford thought there should be some system of fire alarms around town for the benefit of citizens who have no phones.

Commissioner Stephenson said the Commissioners had a fire alarm under consideration and would bring in a report at an early date.

Councillor Gaetz gave notice of motion that Commissioner Stephenson's salary be raised to \$1,800 for the year 1911.

Council adjourned at 10 o'clock.

ESTRAY STEER.

Came onto the premises of the undersigned about the 1st of November, a black steer, about a year and a half old, no visible brand. Owner can have animal by proving property and paying expenses.

C. PERISON,
Sec. 7, Tp. 38, Rge. 25, West 4th.
Red Deer Post Office, 3w.

NOTICE.

The annual general meeting of the members of the Red Deer Memorial Hospital will be held in the Oddfellows' Hall, Red Deer, on Friday, February 3rd, 1911, at 8 p.m., to receive the directors reports and financial statements, to appoint directors and to transact any other business that may be properly done at such a meeting. By order of the Board.

A. W. G. ALLEN, Sec'y-Treas.

SHERIFF'S SALE.

E. CARSWELL, Secretary
This is the first year the Associa-
tion has looked after its own man-
ufacturing expenses, and the result
was that it cost 3.36 per cwt., as
compared with the four cents the As-
sociation paid the Government. The
Government rate was an equitable
one, so far as Red Deer creamery
was concerned. The management had
hoped, however, of decreasing the
3c assessment in time. There would
probably be no assessment on the
winter make.

The chairman and the secretary re-
viewed the work of the season. Owing
to the shortage of pasture and
the demand for milk at Calgary their
output had fallen from 84,000 lb in
the summer season of 1909 to 75,000
in the summer season of 1910. They
had found, however, on comparing
notes at the Initial convention last
week that the Red Deer creamery
had suffered less in this respect than
almost any of them, and that its re-
turn to its patrons and its financial
position was the best of any in the
Province. The Initial creamery, for
instance, which ran up to close on
140,000 lbs in 1909, was down to 86,000
last summer, owing to the Cal-
gary demand and short pasture.
Their best market for butter was in
Red Deer, but it was limited and un-
certain. They had shipped cream to
Edmonton this fall as an experiment
but Mr. Carswell could not say that
the results had been satisfactory, while
the President had had his
doubts about it from the first. Of
their November shipments 700 lbs of
their cream had been graded No. 1
and brought 38c., while 500 lbs had

been graded No. 2 and brought 30c.
They were now pasteurizing all the
cream, and they were looking for
better results, but they had to con-
sider the added expense of this pro-
cess. There seemed no plan available
at present to give the careful and
clean patron credit for his No. 1
cream in this trade with Edmonton
as compared with his less careful
neighbor. The cream was graded by
the buyer in the condition it reached
the market. The grading of the butter
and the grading of cream on their butter
product had worked out satisfactory.
A 25 cent rate was paid for butter
as a basis, and their premiums for
quality had brought their return up
to 26.12. Mr. Marker talked of hav-
ing an "extra special" class for but-
ter next year which would help them
as 85 per cent. of their butter went
No. 1.

Mr. Carswell did not believe that
the present demand from this district
for milk at Calgary would continue.
The pasture in that district was a
total failure this year, and conse-
quently the dairy companies were
driven much farther afield for their
supplies; they were willing to pay
almost any price in order to get the
milk and cream, as they could in-
crease the price as they liked to the
consumer. But in a normal year the
Calgary dairy companies will get
their supplies where they had got
them up to this year, viz., in their
nearest districts north and south, and
the demand from Red Deer would
fall off entirely, or greatly diminish.
The creameries at Initial and Ired
and other places had been up
against abnormal conditions this
year, and the directors at Red Deer
appreciated the loyalty with which
the great majority of the patrons
had stood by the Association.
Another matter of importance
brought forward from the table was
the proposal to wait upon the Red
Deer U. P. A. Co-operative Associa-
tion at its annual meeting in Febru-
ary, and suggest an amalgamation of
the business of the two Associations.
The Westsylvia Produce Company
and been buying the farmers' cream
and milk, along with their grain and
produce and paying cash, and the
Government creamery had suffered
seriously in the competition. Mr.
Carswell did not see but that the
Co-operative management might not
handle the creamery as well as their
present line. The directors of the
one were to a large extent the di-
rectors of the other. The creamery
had its main work in the summer,
when the Co-op. was slack; the
Co-op. was busy in the winter, when
the creamery was slack. The creamery
had difficulty in getting in the
several districts directors who were
patrons; they could get them in
bunches but not distributed. Then a
good many of their shareholders and
former and even present directors
were now milking cows, owing to
business and family changes, and
fewer patrons were not shareholders.
If the U.P.A. Co-operative would get
insurance with a capital stock of
say, \$50,000, the creamery share-
holders could exchange their stock for
Co-op. stock and dispose of it, and
the U.P.A. Co-operative would be in
a position to re-into other projects
for the benefit of the farmers of the
district which they could not now do
because they had not a proper basis
upon which to handle the finances
necessary to establish these projects.
The proposed amalgamation would
give a broader basis than the dairy
stuff alone, and the U.P.A. Co-op-
erative would be more responsive and
better able to be constantly recruited
with new blood than their Associa-
tion allowed.

The directors were authorized to
present the project to the annual
meeting of the Red Deer U.P.A. Co-
operative Association.
The following directors were chosen
for the current year:—S. Pye, I.
Engelkraut, John Ross, Chris. White,
W. R. Ellenwood, E. Carswell, J.
Comer, S. Grimsom, R. Gummow.
At a subsequent meeting of the
directors, Jas. Comer was re-elected
President, L. Engelkraut Vice-Presi-
dent, and E. Carswell secretary-
treasurer.

Woe in Winnipeg
There is woe in Winnipeg. In the
year 1909 there was such an extra-
ordinary rush for furs among the
retailers of fashion that prices soared
to the clouds. All kinds of furs
were in brisk demand. Muskrat
skins, which, when dressed of long
and properly dyed, readily pass
for seal, jumped 100 per cent. in
value. Other skins, lynx, wolf and
mink, found ready sale. So prom-
ising was the business that hundreds
of thousands of skins were put in
cold storage in anticipation of specu-
lative profit. But, alas! fashion is
a fickle jade. Furs are no longer
a necessary adornment. The traders
have trapped in vain, and the dealers
are in the dumps. Muskrat skins, which a year ago
brought 35 to 40 cents, are now
selling at 35 to 45 cents, according
to color, while mink is selling as
low as \$3.50, which last season
brought \$6. Winnipeg weeps.

Asaya-Neurall
THE NEW REMEDY FOR
Nervous Exhaustion
Nervous Exhaustion unchecked
opens the door to Neuralgia, Head-
ache, Insomnia, Digestive Dis-
turbances, Mental Depression, and
many serious organic diseases.
Early treatment with "ASAYA-
NEURALL" averts these. It feeds
the nerves, induces sleep, im-
proves the appetite and digestion,
and restores buoyancy of spirits.
A few doses convince. \$1.50 per
bottle. Obtain from the following:

LOCAL AND GENERAL

S.O.E. installation of officers this Wednesday evening.

Don't forget the carnival to-night. Full band in attendance.

Save your money and buy a farm from Geo. F. Root.

Help the band by attending the carnival to-night. Splendid costumes; good music by full band.

Mr. McDonald, the Canadian baritone, who has sung in England, Scotland, Ireland, Wales and the United States, should be heard to-night at the Lyric.

H. J. Snell, who passed a successful operation for appendicitis at the Memorial Hospital two weeks ago, was able to be down to business Monday for a short time.

The ladies of the Ralmoral Hospital Aid are giving a chicken supper on Thursday, Jan. 19th, commencing at five o'clock, at the home of Mr. John J. Gaetz. Admission 25c.

The Bishop of Calgary will hold a confirmation in St. George's church, Penhold, on Sunday next at 11 a.m. The service will be followed by a celebration of the Holy Communion.

The Alberta Central route map from Rocky Mountain House to the Yellowhead Pass has been approved by Hon. Geo. F. Graham, without opposition. This looks like business.

Mr. Grant sent a letter to the Lacombe paper and that town at once became so hot it was partly burned up. For goodness sake, doc., don't send up any more letters or you will wipe the town off the map.

The Ladies' Aid of the Methodist church will serve a supper on Thursday evening, January 26th, at 6 o'clock. After supper there will be a short program of music. Admission 50c; children under twelve, 25c.

R. Taylor, of Carstairs, a school teacher, had his leg amputated at the Memorial Hospital, yesterday, below the knee. A number of operations had been made on the limb, but at last the bone became diseased and amputation was necessary. He is doing as well as could be expected.

The Calgary Albertan quotes Mr. McLeod, formerly general manager of the Bank of Nova Scotia, as claiming that twenty-five per cent of the chartered banks of Canada had failed in twenty-six years. Why not invest your savings in Alberta land which has trebled and quadrupled in value in the last ten years, and the end is not yet. Buy a farm from Geo. F. Root.

Peter Talbot's organ at Lacombe cannot help helping like a yellow cur at Red Deer's prosperity. It hates like poison to see us getting on. It says Lacombe is progressing by legitimate means, and insinuates that Red Deer is not. We are pleased to see Lacombe progressing, and have no hesitancy in saying so. But why the Lacombe paper needs to publish false statements about this town and pass remarks that are not true, we cannot understand. The fact of the matter is, Lacombe is too narrow in its views, if the Globe expresses the sentiment of the people. For years that town has fought against everybody and everything that does not agree with the little clique, and our word for it, Lacombe will be nothing but a way-side hamlet until that state of affairs is changed.

Eyestrain And Criminality.

It is said by criminologists that eyestrain will so abort the natural functions of the nervous system as to arouse criminal instincts into predominance.

Speaking frankly I think that there is something in it. The nervous system is an extremely delicate and complex mechanism and should not be subjected to the disturbing influences produced by eyestrain.

Properly adjusted glasses may reform a character.

H. H. GAETZ, Optician.

The Gaetz-Cornett Drug & Book Co., Ltd.

See the prizes for the carnival in Smith & Gaetz's window.

R. B. Wolliver left last evening for Edmonton with a rink to take part in the Edmonton bonspiel.

Geo. W. Greene will deliver a lecture in the Methodist church, Thursday (to-morrow) evening, on Canadian Citizenship, under the auspices of the Young People's Club. This is a most instructing and instructive lecture, and it is hoped a goodly number of citizens will turn out to hear Mr. Greene.

Bawltinheimer & Sons are becoming famous, owing to their cured meats. A sample handed the News for our opinion, warrants us in saying that it can't be beat. The firm are curing hams and bacon as fast as they can, and will enlarge their business at an early date to keep up with the demand.

The Rev. C. D. Cameron, General Secretary for Alberta of the Canadian Bible Society, which is a branch of the British and Foreign Bible Society, was in town last week in the interests of the Bible Society, and he has urged Mr. Jas. A. Youmans, who is Treasurer of the Red Deer-branch, to make a canvass of the town. This is the tercentenary of the authorized version of the English Bible. Mr. Youmans will probably call on you in a few days, and we bespeak liberal subscriptions to this worthy cause.

U.F.A. CONVENTION

The delegates to Calgary convention of the U.F.A. from Red Deer are James Bower, D. D. McKinnon, G. W. Smith, H. J. Jamieson, Chris White, From Penhold, E. Carswell, Jas. Speakman, A. Speakman, S. Pye and J. E. Oldford. Hillsdown, R. E. Fiske, Edwell, P. O. Graham, J. C. Comer, W. P. Fiske and E. Fyfe. R. Leithhead, L. J. Carswell and J. Greening are also in attendance.

DISTRICT COURT

Adjourned District Court was held Wednesday last before Judge Lee and the court was over in a few hours. W. E. Payne, gas for the plaintiff in every case and made a clean sweep of the court, winning every case.

Fairchild v. Mattson, action for implements. Judgment for plaintiff.

Anglin Boncher v. Cumming. Judgment by default for plaintiff.

Hill, Murphy & Co. v. Cochrane, store account. Judgment for plaintiff.

Davis v. John Mott. Settled.

Evans v. Cochrane. Judgment by default for plaintiff.

Neville v. Red Deer, and three other cases adjourned to February court.

Cronqvist v. Loisel, action on lease for cows. Judgment for plaintiff.

BOARD OF TRADE

The Red Deer Board of Trade met Tuesday evening last in the Oddfellows' Hall. There was not a large turnout owing to the very cold night. Among those present were President G. W. Greene, and Messrs. Maupin, R. L. Gaetz, Lord, Brumpton, Welby, Smith, Garbraith, Mott, Malcolm, Botterill, Carswell, Stone, Botsford and Carswell.

Lee Maupin was appointed secretary pro tem, and President Greene gave a short resume of the year's business informally. Sundry accounts were paid, and it was thought advisable to lay over the election of officers to next meeting when Publicity Commissioner Davidson would be in town.

Mr. Botterill advised the advisability of procuring industrial sites along the railway track south and north of town for wholesale and retail business, and a committee consisting of Messrs. Greene, Botterill and Payne was appointed to get information on the question.

The Mayor favored having the publicity office near the station, and the express delivery question was discussed at some length. The Council will be asked to assist the Board of Trade in its publicity movement to the extent of \$2,000 or over during the year. The Board adjourned about eleven o'clock.

Carnival Prize List.

The Red Deer Citizens' Band hold a grand carnival at the rink tonight, weather permitting. The following is the prize list:

Ladies' Fancy Dress—1st prize: Valuable and beautiful leather cushion top, donated by Gaetz-Cornett Drug & Book Co. 2nd prize: 22 karat gold plated jewel case from H. Humber.

Men's Fancy Dress—1st Prize: beautiful fancy pearl handled razor, donated by Smith & Gaetz. 2nd prize: Pair of tan slippers, donated by N. Murphy & Co.

Girls' Fancy Dress—1st prize: Set of combs, 18 karat gold inlay, donated by T. A. Gaetz. 2nd prize: Set of blouse buttons in case, donated by G. B. Parker.

Boys' Fancy Dress—1st prize: Pair of boots, felt lined, donated by R. C. Brumpton. 2nd prize: Fine pearl handled knife, donated by Frank Tallman.

Comic dress—1st prize: Men's sweater, donated by W. E. Lord. Comic dress—2nd prize: Pair of Moccasin gloves, lined, given by H. L. Gaetz.

Persons in costume must remain masked until prizes are awarded at 10:30 o'clock.

Judges—Mrs. R. C. Brumpton, Mr. E. A. Bonnick, Mr. C. E. Hall. Full band in attendance. Admission, adults 25c; children 15c.

A grand minstrel show will be held in Lyric Theatre by the First Brigade, on Friday evening, Feb. 10.

Seventy-five per cent of the money made in farming in this district in the last ten years has been made in the rise in the value of land. Why rent and let the owner make this profit? Buy a farm for yourself on the easy terms offered by Geo. F. Root.

HAND SATCHEL FOUND. Left at this office for owner.

HOUSEKEEPER WANTED. For the winter, out in the country. No smoking or outside work. Apply to P.O. Box 236, Red Deer.

Jan. 7, 1911.

TENDERS FOR COAL AND WOOD

TENDERS will be received by the undersigned for:— 50 tons of Red Deer coal. 20 cords of dry wood in three foot lengths. 20 cords of dry wood in 16 inch lengths.

Both lots of wood not to be more than four inches through. Tenders to close January 25. M. A. MUNRO, Secretary-Treasurer, Red Deer Public School Board.

Red Deer, Jan. 16, 1911. 2w.

BAILLIFF'S SALE.

NOTICE OF SALE OF CHATTEL MORTGAGE.

By virtue of a chattel mortgage executed by William O'Connor to W. C. Kidd, dated the 2nd day of July, 1909, and filed in the office of the Red Deer registration district on the 17th day of July, 1909, and upon which default has been made—

1, the undersigned, by virtue of a warrant issued by the said W. C. Kidd, and to me directed, shall sell the property therein mentioned and described, namely:—

One Brown Gelding, with two hind feet white and a small white star on the forehead, weight about 1350 pounds, eight years old, branded "GZ" on the right shoulder, called "Gay."

One Brown Gelding, two hind feet white, weight about 1350 pounds, branded "GZ" on the right shoulder, called "Mike."

One Piebald Clydesdale, color brown with white face, two hind feet and left front foot white, weight about 1600 pounds, six years old, called "Davey."

At public auction at the stable of F. Cottle, on Alexander Street, in the Town of Red Deer, on Tuesday, the 31st day of January, 1911, at two o'clock in the afternoon of that day.

DATED at Red Deer, Alberta, this 13th day of January, 1911.

S. D. HAYDON, Bailiff.
